

Blythe Seed Packets

Five different seed packet designs in 1/6 playscale.
Each of these plants has seeds small enough to fit in the packets.

Instructions:

1. Print out the PDF.
2. Cut out seed packets along solid lines.
3. Crease all four flaps of the packets towards the blank side of the paper along the edges of the front illustration.
4. With seed packet printed side down, fold bottom flap, right flap, then left flap.
5. Glue along the intersection of the flaps.
6. Fill with seeds and fold down the top flap.
7. Teach your dolly to garden!

I'd love to see any projects you make with this printable!
